2024 has been a transformative year for OC CAP Alliance, a year of collaboration, growth, and powerful stories of resilience and change. Together with our partners, we've advanced our mission of reducing recidivism, creating second chances, and strengthening the fabric of our community. Below is a recap of our significant milestones, accomplishments, and the inspiring impact we've made in the lives of those we serve.

## COLLABORATIVE EFFORTS TO REDUCE RECIDIVISM

### SOUTH COAST DISTRICT PACT MEETINGS

This year, we deepened our collaboration with the South Coast District PACT (Parole and Community Team) Meetings, holding 11 impactful meetings throughout the year). Each meeting was an opportunity for growth, learning, and action.

We were honored to have 11 OC CAP ROI Lived Experience Speakers share their personal journeys, offering authentic and impactful narratives that continue to reduce recidivism in our community. These voices were catalysts for change, sparking meaningful conversations and understanding, and shifting mindsets toward reintegration and hope.

### OC CARES COMMUNITY PARTNERSHIP MEETINGS

In 2024, Our OC CARES Community Partnership Meetings, in collaboration with the County of Orange, California (OCGov), played a crucial role in uniting community leaders, organizations, and advocates dedicated to building a stronger, more inclusive Orange County.

These bi-monthly meetings (except May) fostered meaningful discussions on critical topics affecting individuals with lived experience, culminating in strategies to support reentry and provide opportunities for those rebuilding their lives after incarceration.

### KEY OC CARES MEETING TOPICS INCLUDED

- **JANUARY:** EMPLOYERS HIRING INDIVIDUALS WITH LIVED EXPERIENCE
- **MARCH:** VERDUGO FACILITY OPEN HOUSE
- **JULY:** MARIPOSA CENTER ECMT PROGRAM
- **SEPTEMBER:** UNITE US PLATFORM & COMMUNITY PARTNERSHIP SURVEY RESULTS
- **NOVEMBER:** HOUSING

These topics created platforms for community-driven solutions, empowering us to continuously adapt and respond to the needs of those we serve.

## SUPPORTING THE H.I.R.E. 3RD ANNUAL REENTRY RESOURCE FAIR

In May, rather than our regular meetings, we participated in the H.I.R.E. 3rd Annual Reentry Resource Fair, an essential event that provided resources, networking opportunities, and critical support for individuals navigating the reentry process. It was a vibrant gathering where we connected with community partners, shared resources, and created pathways to success for people reintegrating into society.

## ENGAGEMENTS WITH KEY COMMUNITY EVENTS

Throughout 2024, we participated in several high-impact events that further strengthened our community connections:

This conference offered a profound exploration of restorative practices and their impact on victims and offenders. It fostered meaningful dialogue between decision-makers and those affected by the justice system, emphasizing justice, accountability, mercy, and rehabilitation.

**Orange County Juvenile Hall College & Career Fair** — We were thrilled to attend and share the exciting work we do at Human Works/OC CAP Alliance. This was a fantastic opportunity to spread the word about our array of services and resources, connecting with young individuals and providing them with valuable information about pathways to success.
